0CSA TWEEZERS

SKU: G-HT-0CSA

Features & Benefits

- Flat edges for a secure and controlled grip
- Short fine points for precise handling of small items
- 90mm length for improved manoeuvrability and comfort
- Ideal for detailed grooming, crafting, and technical tasks
- High-quality construction for long-lasting durability

About the 0CSA TWEEZERS

The 0CSA Tweezers are designed with flat edges and short fine points, providing exceptional precision and control for delicate tasks.
With a compact length of 90mm, these tweezers offer excellent manoeuvrability, making them perfect for intricate grooming, fine crafting, or technical work.
Their flat edges provide a firm grip, while the short fine points enable accuracy in handling smaller components or materials.
