

100% Polyester Polyliner Gloves (1 Pair)

SKU: 122-205

Features & Benefits

- ◆ **Material:** Made from 100% polyester for lightweight and breathable comfort. The natural colour ensures it is versatile and easily paired with other PPE.
- ◆ **Comfortable Knitted Wrist:** Features a knitted wrist for a secure fit, preventing the glove from slipping during use and adding to the overall comfort.
- ◆ **Lightweight and Breathable:** This glove is breathable, ensuring that hands stay cool and comfortable throughout wear, making it ideal for long shifts or multi-tasking.
- ◆ **Versatile and One Size Fits All:** Designed with flexibility in mind, this glove fits most hand sizes, making it suitable for varied tasks and industries.
- ◆ **Minimal Risk Protection:** Cat I – Minimal Risk rated for tasks where only light protection is needed. Perfect for general handling, light assembly, and other minimal-risk environments.
- ◆ **Meets PPE Regulation (EU) 2016/425:** Conforms to European PPE regulations, ensuring it meets the necessary standards for quality and safety in the workplace.

About the 100% Polyester Polyliner Gloves (1 Pair)

100% Polyester Knitted Liner Glove – Lightweight and Breathable

This 100% Polyester Knitted Liner Glove is designed to offer comfort and flexibility for a wide range of tasks. Made from breathable and lightweight polyester fabric, this glove is ideal for those seeking a minimal risk protective liner, especially for low-risk tasks that require comfort, flexibility, and breathability.
