

# 125mm Sleeve

SKU: 503-649

## Features & Benefits

- ◆ **Compatible with 125mm Flexi Hose:** Perfect fit for 125mm diameter hoses, ensuring secure connections.
- ◆ **Durable Construction:** Built to endure harsh environments and provide long-lasting performance.
- ◆ **Leak-Free Seal:** Prevents leaks, ensuring efficient fume extraction and airflow.
- ◆ **Easy Installation:** Simple to attach for quick and reliable hose management.
- ◆ **Optimised Performance:** Enhances the efficiency of fume extraction systems for better air quality.

## About the 125mm Sleeve

The BOFA 125mm Sleeve is designed for a secure and efficient connection with the 125mm Flexi Hose, ensuring a tight, leak-free fit.

This high-quality sleeve is ideal for fume extraction systems, providing stable and reliable performance in industrial and laboratory environments.

It helps maintain optimal airflow, contributing to a cleaner and safer workspace.
