

125mm Y Piece with 110mm branch

SKU: 503-652

Features & Benefits

- ◆ Compatible with the 125mm Flexi Hose
- ◆ Splits airflow from 125mm to a 110mm branch for versatile extraction
- ◆ Ensures secure, stable connections for optimal performance
- ◆ Ideal for industrial filtration and extraction systems
- ◆ Durable construction for long-term use and reliability

About the 125mm Y Piece with 110mm branch

The BOFA 125mm Y Piece with 110mm branch is an essential component designed to split airflow from a 125mm Flexi Hose into a 110mm branch.

Perfect for industrial extraction systems, this Y piece ensures secure and efficient airflow management, allowing for multiple extraction points.

Its durable construction and precise design make it an ideal choice for enhancing the flexibility and performance of your fume extraction system.
