

200mm Metal Funnel - FumeKART

SKU: 503-395

Features & Benefits

- ◆ Designed for use with FumeKART 75mm arm
- ◆ 200mm funnel diameter for increased airflow coverage
- ◆ Efficiently captures fumes and particles
- ◆ Ideal for larger workpieces and industrial applications
- ◆ Ensures a cleaner, safer working environment
- ◆ Easy to attach and maintain
- ◆ Compatible with BOFA's high-performance filtration systems

About the 200mm Metal Funnel - FumeKART

The BOFA 200mm Metal Funnel for FumeKART (75mm arm) is a high-performance attachment designed to enhance the fume extraction capabilities of the FumeKART system.

Perfect for larger workpieces and applications that require wider airflow coverage, this funnel ensures efficient filtration of harmful particles and fumes, contributing to a cleaner, safer workspace.

Ideal for various industrial applications, including laser processing and soldering, the 200mm funnel is compatible with the 75mm arm, making it a versatile addition to your fume extraction setup.
