

385mm Clear Round Hood - FumeKART

SKU: 503-397

Features & Benefits

- ◆ Compatible with FumeKART 75mm arm
- ◆ 380mm clear round hood for effective fume capture
- ◆ Transparent design for improved visibility during operation
- ◆ Ideal for laser, engraving, and other fine-detail applications
- ◆ Helps maintain a clean and safe workspace
- ◆ Simple installation and easy integration into existing systems

About the 385mm Clear Round Hood - FumeKART

The BOFA 385mm Clear Round Hood for Fume KART (75mm arm) is a high-quality attachment designed for the 75mm arm of the FumeKART.

This clear round hood provides excellent visibility while effectively capturing fumes and particulates generated during various industrial processes.

Perfect for laser applications and other precision tasks, it ensures a cleaner and safer working environment by improving the efficiency of the fume extraction system.
