

50mm - 32mm reducer

SKU: 503-613

Features & Benefits

- ◆ Reduces extraction pipe diameter from 50mm to 32mm
- ◆ Ensures secure and efficient connections
- ◆ Optimises airflow for enhanced suction
- ◆ Suitable for industrial and suction applications
- ◆ Durable construction for long-lasting reliability

About the 50mm - 32mm reducer

The BOFA 50mm - 32mm Reducer is a versatile and high-performance component designed to reduce the diameter of extraction pipes from 50mm to 32mm.

This reliable reducer ensures a secure and efficient connection, optimising the airflow in your extraction system.

Ideal for various industrial and suction applications, it helps maintain strong suction power while enhancing overall filtration performance.
