

## 50mm 45 degree elbow

SKU: 503-607

### Features & Benefits

- ◆ 45° elbow designed for 50mm pipework
- ◆ Provides a smooth transition for efficient airflow
- ◆ Ideal for custom installations and space optimisation
- ◆ Durable construction for long-lasting performance
- ◆ Ensures reliable fume extraction and system efficiency

### About the 50mm 45 degree elbow

**The BOFA 45° Elbow for 50mm pipework is an essential component for directing airflow in your extraction system.**

Designed to provide a gentle bend, it ensures smooth transitions while maintaining efficient fume extraction.

Ideal for custom installations, this elbow helps optimise space and airflow within your 50mm pipework system, ensuring reliable and effective performance.
