- ◆ Bright yellow colour for easy visibility and identification
- ◆ Provides a secure seal to prevent air leakage
- ◆ Ideal for maintenance, system setup, or sealing unused hose ends
- ◆ Compatible with 50mm flexi hoses for seamless integration

### About the 50mm End Cap - Push on - Yellow

The BOFA A1080006 50mm End Cap - Yellow - Push On is designed for easy and secure closure of your 50mm pipework. Made for quick and efficient sealing, this push-on end cap ensures a tight fit, preventing air leakage and maintaining the performance of your fume extraction system.

Its bright yellow colour enhances visibility, making it easy to locate and identify during system maintenance or setup.
