

50mm Sleeve

SKU: 503-605

Features & Benefits

- ◆ **Compatible with 50mm Flexi Hose:** Ensures a secure and stable connection for 50mm diameter hoses.
- ◆ **Durable Construction:** Built to withstand demanding industrial environments.
- ◆ **Leak-Free Seal:** Provides a secure connection to prevent air leaks for efficient extraction.
- ◆ **Easy to Install:** Simple and reliable for quick setup and secure hose attachment.
- ◆ **Optimised Airflow:** Supports consistent and effective performance in fume extraction applications.

About the 50mm Sleeve

The BOFA A1080009 50mm Sleeve is specifically designed to provide a secure and reliable connection with 50mm Flexi Hose, ensuring a tight, leak-free fit.

This durable sleeve is perfect for use in fume extraction systems, offering consistent performance and optimal airflow in industrial or laboratory environments.
