

6SA TWEEZERS

SKU: G-HT-6SA

Features & Benefits

- ♦ Sharply angled jaws for improved access and control
- ♦ Fine tapered points for exceptional precision
- ♦ 115mm length for a comfortable and steady grip
- ♦ Ideal for detailed tasks like grooming and splinter removal
- ♦ Durable and made from high-quality materials for long-lasting use

About the 6SA TWEEZERS

The 6SA Tweezers are designed with sharply angled jaws and fine tapered points, offering superior precision and control for intricate tasks.

With a 115mm length, these tweezers provide a comfortable grip while ensuring maximum accuracy, making them perfect for detailed work such as grooming, splinter removal, or fine crafting.

The angled jaws allow for easy access to hard-to-reach areas, while the tapered points enable precise handling of even the smallest objects.
