

75-50mm Reducer Cuff (75mm thread)

SKU: 503-627

Features & Benefits

- ◆ Compatible with the 75mm Flexi Hose
- ◆ 75mm thread for a secure and reliable connection
- ◆ Ideal for AD suction applications
- ◆ Enhances suction efficiency and airflow
- ◆ Durable construction for long-term use
- ◆ Featuring a durable 75mm thread, this reducer cuff ensures a tight and secure connection, improving the efficiency of your suction system

About the 75-50mm Reducer Cuff (75mm thread)

The BOFA 75-50mm Reducer Cuff (75mm thread) is expertly designed for use with the 75mm Flexi Hose, making it an essential component for AD suction applications.

Featuring a durable 75mm thread, this reducer cuff ensures a tight and secure connection, improving the efficiency of your suction system. Perfect for industrial environments, it optimises airflow and filtration, contributing to enhanced performance and longevity of your filtration setup.
