

75mm ESD Stay Put Arm + Benchtop Bracket

SKU: 503-551

Features & Benefits

- ◆ **ESD Safe Design:** Protects sensitive components from static damage
- ◆ **Compatible with** V300E, V350E, V600, V Oracle SA iQ, V Oracle iQ, V500 iQ, V1000 iQ, V1500 iQ, V2000 iQ, and V4000 units
- ◆ Includes Benchtop Bracket for secure attachment
- ◆ Funnel nozzle for efficient extraction of dust and fumes
- ◆ Durable and reliable construction for consistent performance
- ◆ Featuring a funnel nozzle, this arm is compatible with a wide range of BOFA units, including the V300E , V350E , V600 , and several models in the V Oracle and V iQ series

About the 75mm ESD Stay Put Arm + Benchtop Bracket

The BOFA 75mm ESD Stay Put Arm with Benchtop Bracket is a high-quality 1m x 75mm benchtop mounting arm, designed to provide stable and flexible extraction solutions.

Featuring a funnel nozzle, this arm is compatible with a wide range of BOFA units, including the V300E, V350E, V600, and several models in the V Oracle and V iQ series.

The arm's 1090mm length ensures an extended reach for efficient dust and fume extraction, making it an essential tool for various industrial and professional applications.

Specifications

Property	Detail
Arm Length	1090mm
Application	ESD-protected areas, electronics mfg, cleanrooms
