

# 75mm Sleeve

SKU: 503-621

## Features & Benefits

- ◆ **Compatible with 75mm Flexi Hose:** Ensures a secure connection for 75mm diameter hoses.
- ◆ **Durable Construction:** Built to withstand rigorous industrial use and harsh environments.
- ◆ **Leak-Free Fit:** Prevents air leaks for efficient fume extraction.
- ◆ **Easy Installation:** Simple to use for secure hose connections in pipework systems.
- ◆ **Optimised Airflow:** Supports consistent performance in fume extraction systems.

## About the 75mm Sleeve

The **BOFA 75mm Sleeve** is designed for secure and reliable connections with the **75mm Flexi Hose**, ensuring a leak-free fit. This durable sleeve provides stability and support, making it an ideal solution for fume extraction systems. Perfect for industrial and laboratory applications, it helps maintain efficient airflow and consistent performance in demanding environments.
