

# AD 1500 iQ Powder Coated 230V

SKU: 503-322

## Features & Benefits

- ◆ **Patented Intelligent Operating System (iQ)** for enhanced performance and reliability
- ◆ **Powder-coated mild steel** construction for durability and long-term use

## About the AD 1500 iQ Powder Coated 230V

The Donaldson BOFA AD 1500 iQ is a robust and high-performance fume extraction system tailored for heavy-duty applications. Combining a large filter capacity with high airflow (1250m<sup>3</sup>/hr) and pressure (100mbar), it is designed to handle significant volumes of particulate and gaseous organic compounds.

Equipped with BOFA's advanced Intelligent Operating System (iQ), the AD 1500 iQ offers optimal filtration and performance, making it one of the most advanced systems in the market.

### Compatible with:

- DeepPleat DUO Pre-Filter A1030222
- Combined HEPA/Gas Filter A1030297

## Specifications

| Property          | Detail  |
|-------------------|---|
| Airflow           | 1250m <sup>3</sup> /hr  |
| Noise Level       | 68 dBA  |
| Voltage           | 230V  |
| Frequency         | 50/60Hz   |
| Full load current | 24 amps / 3.3kw   |
| Dimensions        | (1205 x 615 x 790 mm) for efficient installation in industrial settings |
| Weight            | 146kg   |
| Application       | ESD-protected areas, electronics mfg, cleanrooms                        |
