

AD 1500 iQ Powder Coated 415V 3Ph

SKU: 503-323

Features & Benefits

- ◆ **Patented Intelligent Operating System (iQ)** for optimal performance and efficiency
- ◆ **Powder-coated mild steel** construction for durability and reliability

About the AD 1500 iQ Powder Coated 415V 3Ph

The Donaldson BOFA AD 1500 iQ (415V 3Ph) is engineered for heavy-duty applications that require exceptional filtration, high airflow, and pressure.

With its large filter capacity and advanced technology, this system excels in environments where large volumes of particulate and gaseous organic compounds are generated.

BOFA's patented Intelligent Operating System (iQ) optimises performance and ensures long-term reliability, making the AD 1500 iQ one of the most advanced systems available.

Compatible with:

- DeepPleat DUO Pre-Filter A1030222
- Combined HEPA/Gas Filter A1030297

Specifications

Property	Detail
Airflow	1250m ³ /hr
Noise Level	68 dBA
Voltage	415V, Three-phase, 50/60Hz
Full load current	8.5A per phase / 14.5A neutral
Dimensions	1205 x 615 x 790 mm, ideal for industrial installations
Weight	146kg
Application	ESD-protected areas, electronics mfg, cleanrooms
