

AD 500 iQ Powder Coated 115V

SKU: 503-317

Features & Benefits

- ◆ Ideal for heavy-duty applications with large particulate and organic compound output
- ◆ **Patented Intelligent Operating System (iQ)** for advanced performance and real-time operational data
- ◆ **Durable powder-coated mild steel** construction for long-lasting performance

About the AD 500 iQ Powder Coated 115V

The Donaldson BOFA AD 500 iQ is designed for demanding, heavy-duty applications, offering large filter capacity, high airflow, and pressure rates to handle large amounts of particulate and gaseous organic compounds.

Equipped with BOFA's patented Intelligent Operating System (iQ), this system offers real-time data monitoring, easy operation, and enhanced performance.

Perfect for industries requiring high-efficiency fume extraction, the AD 500 iQ ensures maximum safety and productivity with minimal maintenance.

Compatible with:

- DeepPleat DUO Pre-Filter A1030222
- Combined HEPA/Gas Filter A1030297

Specifications

Property	Detail
Airflow	550m ³ /hr
Noise Level	60 dBA
Voltage	115V
Frequency	50/60Hz
Full load current	9.5 amps
Dimensions	(1205 x 615 x 790 mm) designed for industrial environments
Weight	136kg
Application	ESD-protected areas, electronics mfg, cleanrooms
