

AD 500 iQ Powder Coated 230V

SKU: 503-316

Features & Benefits

- ◆ Ideal for heavy-duty applications with large amounts of particulate and organic compounds
- ◆ **Patented Intelligent Operating System (iQ)** for advanced performance and real-time data monitoring
- ◆ **Powder-coated mild steel** construction for durability

About the AD 500 iQ Powder Coated 230V

The Donaldson BOFA AD 500 iQ is a powerful fume extraction system designed for heavy-duty applications, offering exceptional filter capacity, high airflow, and pressure rates.

Ideal for environments generating large amounts of particulate and gaseous organic compounds, this system provides efficient and reliable extraction.

Enhanced by BOFA's patented Intelligent Operating System (iQ), the AD 500 iQ offers advanced performance, ease of operation, and reduced maintenance.

A robust choice for demanding industrial applications.

Compatible with:

- DeepPleat DUO Pre-Filter A1030222
- Combined HEPA/Gas Filter A1030297

Specifications

Property	Detail
Airflow	550m ³ /hr
Noise Level	60 dBA
Voltage	230V
Frequency	50/60Hz
Full load current	9.5 amps
Dimensions	(1205 x 615 x 790 mm) for robust industrial performance
Weight	136kg
Application	ESD-protected areas, electronics mfg, cleanrooms
