

AD Oracle iQ Stainless Steel

SKU: 503-315

Features & Benefits

- ◆ **Intelligent Operating System (iQ)** for real-time information and performance analysis
- ◆ **Robust brushed stainless steel** construction for durability
- ◆ Reduces maintenance downtime and ownership costs
- ◆ This compact unit integrates advanced features, offering exceptional ease of use and real-time operational clarity

About the AD Oracle iQ Stainless Steel

The Donaldson BOFA AD Oracle iQ is the ultimate choice for high-performance filtration, now enhanced with BOFA's Intelligent Operating System (iQ).

This compact unit integrates advanced features, offering exceptional ease of use and real-time operational clarity.

With the ability to download analytical data, it ensures continuous monitoring and enhances maintenance efficiency.

The AD Oracle iQ is designed to optimise performance, minimise downtime, and reduce ownership costs, making it the best in class for any workspace.

Compatible with:

- DeepPleat DUO Pre-Filter A1030156
- Combined HEPA/Gas Filter A1030155

Specifications

Property	Detail
Noise Level	85 dBA
Airflow	410m ³ /hr (+/- 10%)
Dimensions	975 x 450 x 515 mm
Voltage	115V-230V, 50/60Hz
Full load current	12.5 amps
Weight	65kg
Application	ESD-protected areas, electronics mfg, cleanrooms
