About the ALEX O1 FO SR SC ESD Shoe

The ALEX work shoe combines a modern, trainer-inspired design with lightweight comfort for everyday industrial use. Built with a durable, abrasion-resistant On Dura® textile upper and a cushioned polyurethane sole, it provides excellent comfort, reliable grip and ESD protection, making it ideal for fast-paced workplaces where comfort and hygiene are essential.
Recommended Applications: Hotels, restaurants, catering, food production, hospitals, hygiene-controlled environments, ESD areas, logistics and light industry.
