

AMS4 Silicone Grease - 400ml

SKU: 306-115

Features & Benefits

- ◆ Military & aviation-grade XG250 silicone grease for optimal performance
- ◆ Prevents cracking on rubber seals and moisture ingress in 3-phase connectors
- ◆ Insulates high-voltage parts to prevent leakage and arcing
- ◆ Waterproofs electronics in damp or humid conditions
- ◆ Meets military and aviation specifications (Def. Stan 68-91/1)
- ◆ 6-year shelf life from the date of manufacture

About the AMS4 Silicone Grease - 400ml

Ambersil AMS4 Silicone Grease (400ml) is a military-grade, high-performance lubricant designed for use in critical applications such as sealing rubber parts, preventing moisture ingress in 3-phase connectors, and providing general lubrication.

This versatile grease insulates high-voltage components against leakage and arcing, while also waterproofing electronics in damp or humid conditions.

Meeting stringent military and aviation standards (Def. Stan 68-91/1), it is the perfect solution for ensuring reliability in challenging environments.

With a 6-year shelf life, AMS4 delivers long-lasting protection.
