- ◆ Highly visible with black text on a yellow background for clear, impactful messaging
- ◆ 150mm x 300mm size for optimal placement and visibility
- ◆ Ideal for ESD control awareness in environments dealing with sensitive electronic devices

About the Always Wear Your Wrist Strap Awareness Sign ESD

Promote ESD safety with the Always Wear Your Wrist Strap Awareness Sign. This high-quality rigid sign is designed to remind employees and visitors of the importance of wearing an ESD wrist strap to prevent electrostatic discharge (ESD) and protect sensitive equipment. Made from rigid Foamex material, this sign is strong, light, and durable, making it perfect for both industrial and office environments where ESD control is crucial.

With black text on a yellow background, this sign ensures maximum visibility and easy readability from a distance, making it an essential addition to any ESD-safe area. The self-adhesive backing allows for easy mounting, so you can quickly place it in high-traffic areas where wrist straps need to be worn.

Ensure proper ESD protection and reduce the risk of static damage with the Always Wear Your Wrist Strap Awareness Sign, a simple, effective tool for reinforcing ESD safety protocols.
