- ◆ 6-year shelf life from the date of manufacture

About the Amberklene FE10 - 400ml

AMBERKLENE FE10 - FAST DRYING SOLVENT DEGREASER

Ambersil Amberklene FE10 (400ml) is a fast-drying solvent degreaser perfect for cleaning and degreasing machinery parts like chains, gears, bearings, motors, and more.

Its powerful flushing action quickly dissolves contaminants, leaving surfaces clean and residue-free. Safe for use on most materials and plastics, Amberklene FE10 is ideal for surface preparation before bonding, painting, coating, or re-lubrication.

With a 6-year shelf life, this high-performance degreaser ensures long-lasting results and superior cleanliness.
