

Awareness Heavy Duty Tape ESD

SKU: G-TAPE-B

Features & Benefits

- ◆ Heavy-duty design for long-lasting durability and reliability
- ◆ Black on yellow colour scheme for high visibility and clear indication of ESD Protected Areas
- ◆ Self-adhesive backing for easy application to floors, walls, and other surfaces
- ◆ Width: 50mm, Length: 66 meters, providing ample coverage for marking larger areas
- ◆ Perfect for ensuring compliance with ESD safety protocols in manufacturing, assembly, and storage environments

About the Awareness Heavy Duty Tape ESD

Awareness Heavy Duty Tape: ESD Protected Area is a high-quality, self-adhesive tape designed to clearly mark ESD Protected Areas (EPA).

This durable tape is ideal for creating visible boundaries in sensitive environments to help prevent electrostatic discharge (ESD) hazards. This ESD Protected Area tape is a practical solution for ESD safety awareness and to ensure a compliant, static-safe workspace.
