- ◆ Powerful solvent with excellent penetration and rapid evaporation for efficiency
- ◆ Low-pressure spray ensures even coverage and prevents splashback
- ◆ Zero residue for a clean, residue-free surface
- ◆ 6-year shelf life from the date of manufacture

About the BA40 Solvent - 400ml

BA40 SOLVENT - AVIATION SPECIFIED SOLVENT CLEANER

Ambersil BA40 Solvent (400ml) is an aviation-specified cleaner designed to meet the exacting needs of the aviation industry. It effectively removes uncured polysulphide sealant, as well as stubborn residues such as adhesives, inks, resins, varnishes, and lacquers. With excellent penetration and rapid evaporation, this powerful solvent ensures maximum efficiency during cleaning. The low-pressure spray ensures even coverage, preventing splashback. With zero residue left behind, BA40 is the ideal solution for precise and reliable cleaning, offering a 6-year shelf life.
