Barrel For WP 65 / WXP 65

SKU: GW-B-WP65

Features & Benefits

- Compatible with WP65 and WXP65 soldering irons
- Durable, high-quality barrel for secure connection
- Ensures optimal heat transfer and performance
- Easy to install and replace
- Ideal for professional soldering applications

About the Barrel For WP 65 / WXP 65

The Barrel for WP65 / WXP65 Soldering Irons is a high-quality replacement part designed to ensure the longevity and performance of your Weller WP65 and WXP65 soldering irons.
This durable barrel is built to withstand the demands of professional soldering, providing a secure connection between the handle and the heating element. Whether you're replacing a worn-out barrel or upgrading your soldering setup, the Barrel for WP65 / WXP65 is an essential component that helps maintain optimal soldering performance.
Easy to install and compatible with both WP65 and WXP65 models, this barrel guarantees reliability and consistent heat transfer, ensuring your soldering work is precise and efficient.
