- ◆ Ideal for tool organisation, small parts storage, and workspace efficiency
- ◆ Helps reduce clutter and optimise workbench storage

About the Bench Top Louvre - 460x270mm

The Bench Top Louvre is a versatile storage solution, designed to provide easy access to tools and components while maximising workspace efficiency.

With a size of 460mm x 270mm, this stand-alone unit can be used with all standard louvre panel accessories, including plastic bins, tool hooks, and metal shelves.

It offers a practical alternative to traditional rear and articulated louvre panels, delivering a compact yet highly functional storage and dispensing solution for various work environments.

Whether you're organising small parts, tools, or accessories, the Bench Top Louvre helps keep your workspace organised and clutter-free, improving productivity and efficiency.
