- ◆ Provides an alternative storage and dispensing solution to rear and articulated louvre panels
- ◆ Ideal for workbench organisation and tool storage
- ◆ Helps reduce workspace clutter and improve storage efficiency

## About the Bench Top Louvre - 460x460mm

The Bench Top Louvre is a versatile, stand-alone unit designed to enhance workbench organisation and improve storage efficiency.

With a size of 460mm x 460mm, this unit is compatible with all standard louvre panel accessories, such as plastic bins, tool hooks, and metal shelves, allowing for flexible storage options. It provides an effective storage and dispensing solution, offering an alternative to traditional rear and articulated louvre panels.

Ideal for organising small parts, tools, and components, the Bench Top Louvre helps reduce clutter, streamline workflows, and improve productivity in any workspace.
