

Blue Handle Metal SMT Splice Tool Scissor

SKU: G-HST-5

Features & Benefits

- ◆ Precision positioning function for accurate splicing
- ◆ Durable, sharp metal blades
- ◆ Spring-loaded design for ease of use
- ◆ Suitable for all sizes of SMT carrier tape
- ◆ Ergonomic blue handle for comfortable operation
- ◆ Ideal for use in surface mount technology assembly
- ◆ Featuring durable sharp blades, a precision positioning function, and a convenient spring design, this tool ensures safe, accurate, and efficient tape joining during assembly

About the Blue Handle Metal SMT Splice Tool Scissor

The Blue Handle Metal SMT Splice Tool Scissor is a reliable and precise tool designed for splicing all sizes of SMT carrier tape. Featuring durable sharp blades, a precision positioning function, and a convenient spring design, this tool ensures safe, accurate, and efficient tape joining during assembly. Its ergonomic blue handle offers comfortable grip and control, making it ideal for repeated use in SMT production environments.
