

COMET S1PL FO SR ESD Safety Shoe

SKU: GS-COMET

Features & Benefits

- ◆ **Low holed shoe** with MICRO-tech technical fabric (1.8-2.0 mm thickness)
- ◆ **Reflective fabric insert** for enhanced visibility
- ◆ **Soft, lined tongue** for added comfort
- ◆ **Flexible PL midsole** with antiperforation composite fabric
- ◆ **3Cloud sole** with polyurethane three-density for shock absorption and slip resistance
- ◆ **Hydrolysis, hydrocarbons, and abrasion resistance**
- ◆ It features a reflective fabric insert for added visibility, a soft and lined tongue for comfort, and is entirely metal-free, making it suitable for electrical environments

About the COMET S1PL FO SR ESD Safety Shoe

The COMET S1PL FO SR Giasco ESD safety shoe is a low holed design crafted for comfort and protection in demanding work environments.

Made with MICRO-tech technical fabric, this shoe is highly breathable and abrasion-resistant.

It features a reflective fabric insert for added visibility, a soft and lined tongue for comfort, and is entirely metal-free, making it suitable for electrical environments.

The 200J polymeric composite toecap and flexible PL midsole ensure reliable protection, while the 3Cloud sole provides excellent shock resistance, slip resistance, and hydrolysis resistance.

The advanced DryGo!® insole promotes prolonged comfort by quickly absorbing and evaporating moisture.

Specifications

Property	Detail
Lining	Highly breathable and abrasion-resistant fabric
ESD Class	Yes
Toecap	200J polymeric composite toecap for maximum protection
Insole	DryGo!® for moisture management, antibacterial properties, and ESD compliance
Sizes	36-47
Application	ESD-protected areas, electronics mfg, cleanrooms
