- ◆ Fine, flush cut finish for cleaner results compared to nippers
- ◆ Made from durable stainless steel with a hardness of HRC52-56
- ◆ **Overall length:** 170mm
- ◆ Lightweight at 58g for comfortable use

About the Combination Scissors PH-50 (2-IN-1 Unique Cutting Blade)

The Combination Scissors PH-50 are designed with a unique 2-in-1 cutting blade, making them ideal for trimming tough materials like nylon fibre, cabtyre cord, and more, which ordinary scissors cannot handle.

Offering a fine and flush cut finish, they deliver a cleaner cut than nippers.

Made from high-quality stainless steel with a hardness of HRC52-56, these scissors are durable and precise.

With an overall length of 170mm and a lightweight design at 58g, they provide comfort and control for various cutting tasks.
