

Cometa Table Lamp

SKU: 201-520-03

Features & Benefits

- ◆ **Innovative Ray Technology™:** Eliminates glare and shadows, focusing light on the task area.
- ◆ **Dual Colour Temperatures:** Switch between 6,000K daylight for detailed tasks and 2,700K warm light for a cosy atmosphere.
- ◆ **Ambient Light Function:** Adds a soft glow to your room, independent of the task light.
- ◆ **Adjustable Shade Height:** Customise the illuminated area based on your needs.
- ◆ **Built-in USB Port:** Conveniently charge your devices while using the lamp.
- ◆ **Variable Brightness:** Adjust the light intensity to suit any task or mood.
- ◆ **Daylight LED with 95+ CRI:** Perfect colour accuracy for reading, crafting, and more.
- ◆ **Elegant Design:** A contemporary lamp that complements any room decor.

About the Cometa Table Lamp

The Cometa Table Lamp is the perfect combination of functionality and elegance.

Integrated with Ray Technology™, it eliminates glare and creates a powerful, controlled beam of light, providing exceptional brightness without disturbing others.

This versatile lamp offers two colour temperatures, allowing you to switch between daylight for tasks like reading and warm light for a relaxing ambiance.

The adjustable height and ambient light function further enhance the lamp's flexibility, making it ideal for reading, studying, crafts, and more.
