

DPF Suction Pipe Ø12 x 1M

SKU: 601-108-1

Features & Benefits

- ◆ 12mm diameter x 1-meter long suction pipe
- ◆ Fits DPF200/300 depaneling systems
- ◆ Effectively removes dust and debris during PCB depaneling
- ◆ Genuine manufacturer part for reliable performance and compatibility

About the DPF Suction Pipe Ø12 x 1M

The DPF Suction Pipe Ø12 x 1M is a genuine manufacturer part designed to fit both the DPF200 and DPF300 PCB depaneling systems.

This 12mm diameter, 1-meter long suction pipe helps efficiently remove dust and debris during the depaneling process, ensuring a cleaner work environment and preventing any contamination.
