- ◆ **Battery Indicator:** Easily track battery life with the power level indicator.
- ◆ **Energy Efficient:** 5W energy consumption, providing bright and clear illumination.
- ◆ Its ergonomic design, featuring teal stripes for easy grip, ensures portability, while the battery power level indicator helps you monitor usage

About the Daylight Twist 2 Go Lamp

The Daylight Twist 2 Go Lamp is a compact and rechargeable light source that offers up to 8 hours of consistent brightness, making it perfect for tasks like sewing, reading, crafts, DIY projects, and more.

Its ergonomic design, featuring teal stripes for easy grip, ensures portability, while the battery power level indicator helps you monitor usage.

The Easy Twist Shade™ allows precise light positioning, and the 3-step dimmer lets you adjust brightness to suit your needs.

With a high CRI of over 95, it provides accurate colour representation and enhances detail visibility.
