

De-Solder Pump (short) ESD - Solder Sucker

SKU: GT-PD03-ESD

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive components from electrostatic discharge.
- ◆ **Efficient Solder Removal:** Perfect for removing residual solder during de-soldering.
- ◆ **Solder Sucker:** Provides quick and effective solder extraction with minimal effort.

About the De-Solder Pump (short) ESD - Solder Sucker

The De-Solder Pump (Short) ESD is a compact and efficient tool designed for removing residual solder during de-soldering operations.

Its shorter design (201mm in length) makes it easier to handle in tight spaces, providing precision and control for clean solder removal. The ESD-safe construction ensures protection against electrostatic discharge, making it perfect for sensitive electronic work.

Specifications

Property	Detail
Length	201mm, offering a shorter, more compact design for easier handling
Application	ESD-protected areas, electronics mfg, cleanrooms
