

ESD - Bent Snipe Nose Pliers

SKU: G-HT-P3

Features & Benefits

- ◆ ESD-safe construction to prevent static discharge
- ◆ Smooth bent nose for easy access in tight or angled spaces
- ◆ 115mm tool length for compact, controlled use
- ◆ Bi-component supersoft handle grips for comfort
- ◆ Made from durable C70 hardened steel
- ◆ Laser-cut design for enhanced precision and durability
- ◆ Made from durable C70 hardened steel and featuring a laser-cut design, they ensure long-lasting performance

About the ESD - Bent Snipe Nose Pliers

The ESD Bent Nose Pliers are designed for precise handling in tight or angled spaces, making them ideal for intricate tasks such as bending wires or manipulating small components.

The smooth bent nose allows for easy access and enhanced control. With a 115mm tool length, these pliers are perfect for fine, detailed work.

Made from durable C70 hardened steel and featuring a laser-cut design, they ensure long-lasting performance.

The ESD-safe construction helps protect sensitive electronic components from static discharge, while the bi-component supersoft handle grips provide comfort for extended use.
