

ESD - Flat Nose Pliers

SKU: G-HT-P5

Features & Benefits

- ◆ ESD-safe construction to protect against static discharge
- ◆ Smooth flat nose for precise bending and shaping
- ◆ 115mm tool length for compact versatility and control
- ◆ Bi-component supersoft handle grips for added comfort
- ◆ Made from durable C70 hardened steel
- ◆ Laser-cut design for enhanced precision and durability
- ◆ Constructed from durable C70 hardened steel and featuring a laser-cut design, these pliers ensure long-lasting strength and performance

About the ESD - Flat Nose Pliers

The ESD Flat Nose Pliers are designed for precision tasks that require a firm grip and straight-edge accuracy.

With smooth flat jaws, these pliers are ideal for bending, shaping, and holding wires and small components.

The 115mm tool length offers excellent control, making them perfect for detailed work in tight spaces. Constructed from durable C70 hardened steel and featuring a laser-cut design, these pliers ensure long-lasting strength and performance.

The ESD-safe construction protects sensitive electronics from static discharge, while the bi-component supersoft handle grips provide comfort during extended use.
