

ESD - Narrow Snipe Nose Pliers

SKU: G-HT-P2

Features & Benefits

- ◆ ESD-safe construction to protect against static discharge
- ◆ Smooth narrow snipe nose for precise handling in tight spaces
- ◆ 115mm tool length for compact and controlled use
- ◆ Bi-component supersoft handle grips for added comfort
- ◆ Durable C70 hardened steel construction
- ◆ Laser-cut design for enhanced precision and strength
- ◆ Made from C70 hardened steel and featuring a laser-cut design, these pliers are built to last

About the ESD - Narrow Snipe Nose Pliers

The **ESD Narrow Snipe Nose Pliers** are designed for precision tasks that require fine manipulation of small components. The smooth narrow snipe nose allows for detailed work in tight spaces, making them ideal for bending and shaping wires. With a 115mm tool length, they offer excellent control for intricate tasks. Made from C70 hardened steel and featuring a laser-cut design, these pliers are built to last. The ESD-safe construction ensures protection against static discharge, while the bi-component supersoft handle grips provide comfort and control during extended use.
