

ESD - Round Nose Pliers

SKU: G-HT-P4

Features & Benefits

- ◆ ESD-safe construction to protect sensitive electronics
- ◆ Smooth round nose for precise bending and shaping
- ◆ 115mm tool length for compact versatility
- ◆ Bi-component supersoft handle grips for comfort
- ◆ Durable C70 hardened steel construction
- ◆ Laser-cut design for enhanced precision and strength
- ◆ The ESD Round Nose Pliers are designed for precision work, featuring smooth round jaws that allow for easy bending and shaping of wires and components
- ◆ Made from durable C70 hardened steel and featuring a laser-cut design, they ensure long-lasting performance

About the ESD - Round Nose Pliers

The ESD Round Nose Pliers are designed for precision work, featuring smooth round jaws that allow for easy bending and shaping of wires and components. With a 115mm tool length, these pliers are perfect for fine assembly tasks, providing excellent control in tight spaces. Made from durable C70 hardened steel and featuring a laser-cut design, they ensure long-lasting performance. The ESD-safe construction prevents static discharge, protecting sensitive electronic components, while the bi-component supersoft handle grips offer added comfort for extended use.
