

# ESD - Serrated Long Snipe Nose Pliers

SKU: G-HT-P6S

## Features & Benefits

- ◆ ESD-safe to prevent static discharge
- ◆ Serrated long snipe nose for a secure grip and precision
- ◆ 145mm tool length for greater reach and versatility
- ◆ Bi-component supersoft handle grips for comfort
- ◆ Made from durable C70 hardened steel
- ◆ Laser-cut design for enhanced precision
- ◆ Ideal for detailed and fine assembly work
- ◆ Crafted from durable C70 hardened steel and featuring a laser-cut design, they offer exceptional strength and long-lasting performance

## About the ESD - Serrated Long Snipe Nose Pliers

The ESD Serrated Long Snipe Nose Pliers are designed for detailed work, offering a serrated jaw for a firm grip and precise manipulation of small components.

With a 145mm tool length, these pliers provide extended reach for tasks in tight spaces. Crafted from durable C70 hardened steel and featuring a laser-cut design, they offer exceptional strength and long-lasting performance.

The ESD-safe construction ensures protection for sensitive electronic components from static discharge, while the bi-component supersoft handle grips provide comfort and control for extended use.
