

ESD - Smooth Long Snipe Nose Pliers

SKU: G-HT-P6

Features & Benefits

- ◆ ESD-safe construction to prevent static discharge
- ◆ Smooth long snipe nose for precise access to tight spaces
- ◆ 145mm tool length for added reach and control
- ◆ Bi-component supersoft handle grips for comfort
- ◆ Made from durable C70 hardened steel
- ◆ Laser-cut design for enhanced precision and strength

About the ESD - Smooth Long Snipe Nose Pliers

The ESD Smooth Long Snipe Nose Pliers are designed for detailed and delicate tasks, offering high precision for electronics and fine assembly work.

The smooth long snipe nose allows for easy access to tight spaces and the 145mm tool length provides added reach. Crafted from C70 hardened steel with a laser-cut design, these pliers ensure durability and long-lasting performance.

The bi-component supersoft handle grips offer a comfortable and secure hold, while the ESD-safe construction protects sensitive electronic components from static discharge.
