

# ESD 7" Reel Storage Trolley

SKU: 109-141

## Features & Benefits

- ◆ Suitable for 7" component reel storage
- ◆ 5 double-peak shelves for organised reel handling
- ◆ ESD-safe design for static-sensitive areas
- ◆ Durable chromed steel construction
- ◆ Trolley size: 1200 x 450 x 1500 mm
- ◆ 25.4 mm diameter support poles
- ◆ 4" ESD castors for smooth mobility
- ◆ 2 castors fitted with brakes for secure positioning
- ◆ Ideal for electronics manufacturing and assembly environments
- ◆ This durable trolley features a robust chromed steel construction with five double-peak shelves, providing organised reel storage while maintaining easy access on the production floor

## About the ESD 7" Reel Storage Trolley

**Designed for the safe storage and transport of 7" component reels in ESD-protected environments.**

This durable trolley features a robust chromed steel construction with five double-peak shelves, providing organised reel storage while maintaining easy access on the production floor.

### Trolley Dimensions:

- 1200 x 450 x 1500 mm
