

# ESD 75mm Downdraught Tray

SKU: 503-433

## Features & Benefits

- ◆ Effective for extracting heavier-than-air fumes like solvents
- ◆ Compact and space-saving design, perfect for single-user applications
- ◆ ESD Safe for use in designated ESD control or EPA areas
- ◆ Compatible with BOFA High Volume extraction products
- ◆ Requires a 75mm hose kit (sold separately) for connection to a fume extraction unit

## About the ESD 75mm Downdraught Tray

The BOFA ESD 75mm Downdraught Tray is a highly effective solution for extracting heavier-than-air fumes, such as solvents, in ESD-sensitive environments.

This compact, bench-top tray is designed for space-saving and single-user applications. ESD Safe, it is ideal for use in designated ESD control or EPA areas.

Compatible with BOFA High Volume extraction products, it requires a 75mm hose kit (available separately) for connection to a fume extraction unit.

Also available in 50mm size.
