

ESD Anti Slip Overshoe (Blue) / 100 Pack

SKU: 101-075

Features & Benefits

- ◆ **Dissipative Disposable Overshoe** – Designed to dissipate electrostatic charge, reducing the risk of ESD damage in sensitive environments.
- ◆ **Standard Colour: Blue** – Typically supplied in a blue colour, providing a professional and easily identifiable appearance in cleanroom settings.
- ◆ **EN 61340-5-1 Compliant** – Meets the EN 61340-5-1 standard for ESD protective footwear, ensuring safe electrostatic dissipation.
- ◆ **Cleanroom Compatibility** – Certified for use in environments with strict cleanliness requirements, ensuring it does not contribute to contamination.
- ◆ **Do not wash**
- ◆ **Do not bleach**
- ◆ **Do not allow contact with strong alkali**

About the ESD Anti Slip Overshoe (Blue) / 100 Pack

ESD Cleanroom Anti-Slip Overshoe with Conductive Strip – Disposable ESD Footwear

The ESD Cleanroom Anti-Slip Overshoe with Conductive Strip is an essential piece of protective equipment designed for environments requiring electrostatic discharge (ESD) control and cleanroom standards. Ideal for industries like electronics, pharmaceuticals, and clean manufacturing, this overshoe provides both dissipative properties and slip resistance to ensure safety and functionality.

One size fits all. 100/Pack.

Specifications

Property	Detail
	<i>Non-Woven Material – Made from high-quality non-woven fabric, which offers durability and protection against particulate contamination while being lightweight and breathable.</i>
	<i>Cleanroom Class \geq 10,000 Compatible – Suitable for use in cleanrooms with class \geq 10,000 environments, ensuring compliance with stringent cleanliness and contamination control standards.</i>
	<i>Conductive Strip – Features a conductive strip to enhance the dissipative properties, ensuring proper grounding and effective ESD protection.</i>
	<i>Anti-Slip Bottom – The anti-slip bottom provides added traction and safety, especially on smooth surfaces, reducing the risk of accidents and slips.</i>
	<i>One Size Fits All – Designed with an elastic opening that fits most foot sizes comfortably, making it easy to slip on and off.</i>
	<i>Pack of 100 Pieces – Supplied in a pack of 100 overshoes, ideal for high-demand environments where frequent use and replacement are required.</i>
Application	ESD-protected areas, electronics mfg, cleanrooms
