

ESD Downdraught Tray - 50mm

SKU: 503-438

Features & Benefits

- ◆ Designed for the 'V' range of BOFA extraction products
- ◆ Effective for extracting heavier-than-air fumes like solvents
- ◆ Compact design for space-saving, ideal for single-user applications
- ◆ ESD Safe, perfect for ESD-controlled or EPA areas
- ◆ Provides an efficient solution for small down draft extraction needs

About the ESD Downdraught Tray - 50mm

The BOFA ESD Downdraught Tray – 50mm is an ideal solution for extracting heavier-than-air fumes, such as solvents, in designated ESD-controlled areas.

Designed for the 'V' range of BOFA extraction products, this compact, bench-top tray provides effective down draft extraction while saving valuable workspace.

Perfect for single-user applications, the 50mm tray is ESD safe, ensuring reliable performance in sensitive environments.

Also, available in 75mm size.
