

ESD LED Magnifying Lamp - Long Reach

SKU: 201-515-R3L

Features & Benefits

- ◆ **ESD Safe:** Designed to prevent static build-up, perfect for sensitive electronics.
- ◆ **Powerful LED Lighting:** 60 energy-efficient LEDs, 10W, providing shadow-free illumination.
- ◆ **Magnification:** Standard 3 dioptre lens (1.75x magnification) with optional 5 dioptre lens (2.25x magnification).
- ◆ **Sturdy Clamp:** Heavy metal table clamp with up to 65mm clamping capacity for a secure setup.
- ◆ **Flexible Head and Swing Arm:** Rotatable lamp head and adjustable swing arm for versatile positioning.
- ◆ **Built-In Handle and Sun Protector Cap:** Added convenience for easy handling and safe storage.
- ◆ **Dimmable Lighting:** Choose between warm white or cool white light options for optimal visibility.
- ◆ It features a high-quality glass lens with a standard x3 dioptre (1.75x magnification), and an optional x5 dioptre lens (2.25x magnification) for enhanced clarity

About the ESD LED Magnifying Lamp - Long Reach

The ESD LED Magnifying Lamp – Long Reach is the ultimate solution for detailed close-up tasks, offering a stable and flexible tool for intricate industrial work.

With an impressive reach of 1180mm, the lamp is perfect for tasks such as working with circuit boards, electronics, and other delicate objects.

It features a high-quality glass lens with a **standard x3 dioptre** (1.75x magnification), and an **optional x5 dioptre lens** (2.25x magnification) for enhanced clarity.

The energy-efficient, 60-LED setup provides shadow-free, cool light and never requires bulb replacements, making it a reliable and long-lasting addition to any workspace.

Specifications

Property	Detail
Long Reach	1180mm
Application	ESD-protected areas, electronics mfg, cleanrooms
