

ESD LocLINE anti-static vacuum hose

SKU: 503-436

Features & Benefits

- ◆ 1-foot length of BOFA LocLINE anti-static vacuum hose
- ◆ Pose-able, stay-put design for directed fume extraction
- ◆ 2.5" inner diameter and 3.5" outer diameter for secure connections
- ◆ Compatible with the 'V' range of BOFA extraction products
- ◆ Ideal for use in ESD-sensitive environments requiring anti-static control

About the ESD LocLINE anti-static vacuum hose

The BOFA LocLINE Anti-Static Vacuum Hose (2.5" ID) - 1 Foot Segment is designed for use with the 'V' range of BOFA extraction products.

This flexible and pose-able hose allows users to position the 1-foot segment for directed fume extraction, ensuring optimal airflow and efficient fume capture.

With a 3.5" diameter, the hose is perfect for use in environments where anti-static properties are required, making it ideal for sensitive ESD-controlled settings.
