

# ESD Reel Sealer

SKU: G-RS-07-ESD

## Features & Benefits

- ◆ Prevents SMT tape reels from unravelling during storage
- ◆ ESD-safe pre-cut adhesive strips
- ◆ Easy to apply to reels of all sizes
- ◆ **3,000 pieces per roll**
- ◆ Each strip measures 50mm x 7mm
- ◆ Suitable for long-term storage
- ◆ Recommended use within 6 months
- ◆ Ideal storage conditions: 20°C–28°C, 40%–70% humidity

## About the ESD Reel Sealer

The Reel Sealer is an essential solution for securely sealing and marking SMT tape reels, preventing them from unravelling during storage.

Made from ESD-safe, pre-cut strips, these seals peel and apply easily to reels of all sizes. Each roll contains 3,000 pieces, making it ideal for long-term storage in production environments.

For best results, use within 6 months and store in conditions of 20°C–28°C with 40%–70% humidity.
