

ESD SMT Single Splice Tape 1000 Pieces

SKU: G-TSS-08-ESD | Sizes: 8mm Single / 1000 pcs

Features & Benefits

- ◆ Available in 8mm width
- ◆ Pack of 1000 single splice tapes
- ◆ ESD-safe PET material
- ◆ Pre-cut for easy application
- ◆ Designed for joining SMT carrier tapes
- ◆ Black colour for high visibility
- ◆ Suitable for automated assembly lines

About the ESD SMT Single Splice Tape 1000 Pieces

The ESD SMT Single Splice Tape (1000 Pieces) is designed for efficient and reliable joining of SMT carrier tapes. Each single splice tape is manufactured from pre-cut, ESD-safe PET strips, ensuring protection against electrostatic discharge during assembly. The black-coloured tape provides a clear visual indication of the splice, helping with alignment and quality control. Ideal for use in automated production environments, this splice solution offers both convenience and safety for surface mount technology applications.
