

ESD Static Shield Bags Open Top (100/Pack)

SKU: G-SSB | Sizes: 2"x3" 5x7.5cm, 2"x4" 5x10cm, 2"x6" 5x15cm, 3"x3" 7.5x7.5cm, 3"x5" 7.5x12.5cm, 4"x6" 10x15cm, 4"x8" 10x20cm, 4"x24" 10x60cm, 5"x6" 12.5x15cm, 5"x8" 12.5x20cm, 5"x10" 12.5x25cm, 6"x8" 15x20cm, 6"x10" 15x25cm, 6"x12" 15x30cm, 6"x16" 15x40cm, 6"x26" 15x66cm, 8"x10" 20x25cm, 8"x12" 20x30cm, 10"x12" 25x30cm, 10"x14" 25x35cm, 12"x16" 30x40cm, 12"x18" 30x45cm, 14"x18" 35x45cm, 16"x18" 40x45cm, 18"x24" 45x60cm, 30"x40" 75x100cm

Features & Benefits

- ◆ Four-layer construction for superior ESD protection
- ◆ Static dissipative outer and inner layers to prevent static charges
- ◆ **Open top design** for easy loading and access
- ◆ ESD safe to protect sensitive electronics
- ◆ **Custom sizes and custom printing available on request. Please call for more details.**
- ◆ Featuring a four-layer construction with static dissipative outer and inner layers, these bags ensure reliable antistatic protection/build-up, keeping your electronics safe during handling and transit

About the ESD Static Shield Bags Open Top (100/Pack)

These **Open Top Static Shield Bags** are designed to offer effective protection against **ESD (Electrostatic Discharge)**, making them ideal for packing, storing, and transporting sensitive electronic products such as **PCBs, integrated circuits, and individual components**.

Featuring a four-layer construction with static dissipative outer and inner layers, these bags ensure reliable antistatic protection/build-up, keeping your electronics safe during handling and transit.

These static shield bags offer a versatile and secure solution for safely managing your static-sensitive components.

Custom size anti-static shield bags and custom printing are available upon request, providing a tailored solution for your specific needs. **Please call for more details.**
